Move Me

Wet

Call me by my real name
Call me all the time
Call me by my real name
Call me baby,
and can you save me?!Call me by my real name
Say my now out loud
Call me by my real name
Call me crazy,
and can you save me?! Or move me?He moves me
I'm moving,
and can you save me?! Or move me?He moves me
(That's how I know that I'm not)
I'm moving
(You can do anything you want)
He moves me
(It's the way that I know)
I'm moving
(You can tell by the way it feels)Call me by my real name
Call me one last time
Call me by my real name
Call me baby,
and can you save me?!Call me by my real name
Say my now out loud
Call me by my real name
Call me crazy,
and can you save me?! Or move me?He moves me
(That's how I know that I'm not)
I'm moving
(You can do anything you want)
He moves me
(And it's the way that I know I'm)
I'm moving
(You can tell by way I feel)
He moves me
(That's how I know that I'm not)
I'm moving
(You can do anything you want)
He moves me
(That's the way that I know I'm not)

I'm moving
(You can tell by the way it feels)
He moves me
