

# I'm Tryna

## Omarion

Damn, I really messed up this time  
But I'm-a make it up to you  
Listen  
Seems just like the other day  
You were my woman  
Shoppin' malls and holidays  
Couldn't tell us nothin'  
Now you're gone away and I'm  
Still trynna deny it  
But I'm tired from this pain  
And I just can't hide it  
It's like oohooohooh  
I just can't get over you  
Girl oohooohooh  
It's feels like I caught the flu  
Girl I'm sick from all these lies and these games  
And I'm sick from bein' the reason we turned out this way  
I'm trynna act like I don't wanna be with you  
Like I would be okay  
If you just walked away  
I'm trynna act like I don't wanna see you  
Like you were just a face  
I'll forget you in a day  
I'm trynna act like I can do without feelin' on your booty  
Find another ghetto cutie  
To do me like you do me yeah yeah  
But I'm just so addicted to you  
I'm-a try but I can't  
'Cuz you're all I'm trynna do  
See you here and there with your friends  
And I start the frontin'  
Act like I been doin' my thing  
And I don't need your lovin'  
But you see it in my eyes  
Girl something just ain't right  
Since we don't share this bed no more  
I can't sleep at night  
It's like oohooohooh  
I just can't get over you

Girl oohooohoo  
It's feels like I caught the flu  
Girl I'm sick from all these lies and these games  
And I'm sick from bein' the reason we turned out this way  
I'm trynna act like I don't wanna be with you  
(Ooh, ohh)  
Like I would be okay  
(Be okay)  
If you just walked away  
(Walked away)  
I'm trynna act like I don't wanna see you  
(I don't wanna see you baby)  
Like you were just a face, I'll forget you in a day  
I'm trynna act like I can do without feelin' on your booty  
(Oh ho)  
Find another ghetto cutie  
To do me like you do me yeah yeah  
But I'm just so addicted to you  
I'm-a try but I can't  
(Oh)  
'Cuz you're all I'm trynna do  
Baby I know  
Guess I'm changin' out the door  
(Oh, can't play it off like I'm so cool)  
Girl you know I'm goin' straight out my mind  
I can't stop thinkin' 'bout the things we did and the way we kissed  
I know it ain't right playin' like you ain't my time girl  
Trynna be a playa got me actin' like I  
Like I don't wanna be with you  
Like I would be okay  
(Like I would never be okay no)  
If you just walked away  
I'm trynna act like I don't wanna see you  
(But you know I wanna see you baby yeah)  
Like you were just a face  
I'll forget you in a day  
(But I'll never forget you girl)  
I'm trynna act like I can do without feeling on your booty  
(Oh oh, booty)  
Find another ghetto cutie to do me like you do me  
(Cutie, do me yeah)  
But I'm just so addicted to you  
I'm-a try but I can't, 'cuz you're all I'm trynna do  
No I'm not tryna act, no I'm not tryna act like that no more  
'Cause I never had it, no I never had it like this before

No I'm not tryna change, no I'm not tryna change 'cause it all for you  
I'm goin' do everything I can, 'cause you're all I'm tryna do  
No I'm not tryna act, no I'm not tryna act like that no more  
'Cause I never had it, no I never had it like this before  
No I'm not tryna change, no I'm not tryna change 'cause it all for you  
I'm goin' do everything I can, 'cause you're all I'm tryna do  
No I'm not tryna act, no I'm not tryna act like that no more  
'Cause I never had it, no I never had it like this before  
No I'm not tryna change, no I'm not tryna change 'cause it all for you  
I'm goin' do everything I can, 'cause you're all I'm tryna do
