

# Days Like This

[Rachel Proctor](#)

That sleepy old sun finally reared its head  
Sneakin' through the window sayin' get out of bed  
Kids are laughin' and playin' outside in the streets  
I stepped out on my front porch in my bare feet  
Drink my coffee, walk the dog  
Then I'll stop by your house  
'Cause I was hopin' maybe  
We could just hang out 'Cause days like this are made for doing nothin'  
But layin' around soakin' up your lovin'  
There ain't nothing better than a long, lingering kiss  
On days like this Let the wind blow wild, let it mess up our hair  
Watch the world go by like we don't have a care  
When those old crickets start singin', and the moon shows its face  
We'll still be lying on this blanket, letting time slip away 'Cause days like this are made for doing nothin'  
But layin' around soakin' up your lovin'  
There ain't nothin' better than a long, lingering kiss  
On days like this There ain't nothing wrong with bein' lazy  
So come on over here and love me baby  
Love me baby  
Yeah Days like this are made for doing nothin'  
But layin' around soakin' up your lovin'  
There ain't nothin' better than a long, lingering kiss  
On days like, days like this Yeah, days like this  
Days like this
