Song for the Kids

Diesel Boy

thanks for spending your dough on our new CD I can't wait until June =
when we get our royalties but the money you spent was not in vain it was =
spent on piles of cocaine take your wallets out and buy some merchandise =
we've got records and shirts and an inflated price please spend what you =
can so we can buy a new van our old one broke down in Spokane thanks for =
shelling out cash to come and see our shows you've been paying our rent =
and you've been buying us clothes we love to see your faces out on tour =
but more than that we hate to come home poor join our fanclub, buy our =
posters, idolize us today 'cause we've got lawyers and accountants we've =
been meaning to pay please buy what you can so I can buy a new amp my =
old one blew up in Cheyenne
