

# Netherbound

## Danzig

You're forever blinding guile  
You're forever stained  
You're forever netherbound  
You're forever slaked  
And the world is ours  
Let the others die  
And we shine immortal  
We can touch the skies  
'Cause we're netherbound  
'Cause we're netherbound  
You're forever discontent  
You're forever stamped  
You're forever malevol  
Paradise regained  
And the world is ours  
Let the others die  
And we shine eternal  
We have touched the skies  
'Cause we're netherbound  
'Cause we're netherbound  
'Cause we're netherbound  
'Cause we're netherbound  
We are netherbound  
We are netherbound  
We are netherbound  
We are netherbound
