

Wait for the Blackout

The Damned

Don't you ask me to come out
When the sun does shine
Let us stay here with curtains drawn
In darkness you'll be mine Let's wait for the blackout
The light is too bright
Let's wait for the blackout
Wait for the night Well welcome to my basement flat
No windows to see through
With darkness closing in, my friend
We both know what to do Let's wait for the blackout
The light is too bright
Let's wait for the blackout
Wait for the night Let's wait for the blackout
The light is too bright
Let's wait for the blackout
Wait for the night Come lay with me upon this earth
Keep us both alive
Know everything has lasted here
We shall more survive Let's wait for the blackout
The light is too bright
Let's wait for the blackout
Wait for the night In darkness there is no sin light only brings in the fear
Nothing to corrupt the eyes there is no vision here
At first you may find it strange but do not go away
The darkness holds a power that you won't find in the day There is no vision here
There is no vision here
