

# Trust

## Gene Noble

(oh, oh)  
(oh, yeah)  
Everything

I want to do everything  
But not everybody deserves everything, you want  
All of me  
I would give you all of me  
I just gotta know you're with me once we go too far

Can I truth you, with all my fantasies?  
Can I trust you tonight?  
If I trust you, I'd do almost anything  
Can I trust you tonight?

And I don't hold back, No  
No, I don't want to do it, if it's gone be wrong  
Tell me you'll keep your lips sealed  
Don't let your lips fail  
And I don't hold back, No  
No, I don't want to do it, if it's gone be wrong  
Tell me you'll keep your lips sealed  
Don't let your lips fail

Can I truth you, with all my fantasies?  
Can I trust you tonight?  
If I trust you, I'd do almost anything  
Can I trust you tonight?

Look at me, don't stop but just look at me  
And tell you understand this moment is just us  
Believe in me, your secrets are safe with me  
I'm offering you all right now, the more I can go on (aye)

And I don't hold back, No  
No, I don't want to do it, if it's gone be wrong  
Tell me you'll keep your lips sealed  
Don't let your lips fail

Can I truth you, with all my fantasies?  
Can I trust you tonight?

Can I trust you, I'd do almost anything  
Can I trust you tonight?

(Oh, oh, oh)  
I can I trust you tonight?  
(oh, oh, oh, oh)  
Oh, trust you tonight?
