Halo

Melodime

Ooh, ooh, ooh, ooh
Ooh, ooh, ooh, ooh,

Well I bought a ticket on a train bound west
With an ice cold sweat and a bullet proof vest
Iâ€™m shaking now, I confess
Who would put to the test, a well groomed mess like me?
Ooh, ooh, ooh
And I have a tendency of running from things
A strung out junkie that the preacher couldnâ€™t reach
But you thought to give up on me

I lift my head, just like you said
I dust off my halo
I feel the beat, beneath my feet and I hear the echo
Ooh, ooh, ooh

Oh I speak to those with the unclean hands
The radiant souls that the world has damned
The untold story of the misjudged man
Says it aint to late to live the next days plan

I lift my head, just like you said
I dust off my halo
I feel the beat, beneath my feet and I hear the echo
Ooh, ooh, ooh
Ooh, ooh, ooh

A broken spell, I conquered hell
Iâ€™m building kingdoms now from this abandoned tower
A severed will, restored and filled
With help from the angels I can fly now
I start again

I lift my head, just like you said
I dust off my halo
I feel the beat, beneath my feet and I hear the echo
Ooh, ooh, ooh
Ooh, ooh, ooh
