

# Change the World

## Outasight

I wake up, and I can't get my head out the clouds, no, no!  
One way or another, I found myself on the  
'Cause money sure don't seem to make amend  
But the men make the dollar real  
Won't let a few things keep me down,  
But you sure know how to cheat.  
Some days I feel like a bird  
Don't mean to think, no, no  
One way or another I find the little bases to keep things real out, out  
Cause world don't seem to make the man  
But the men seem to make the moon  
Open my eyes, do a little something  
Let me see what I can do! I don't know why but today I feel  
A little bit different, oh! [Chorus]  
I feel like the world is on me  
And I can change the world  
I could change the world  
I guess it's true, true, true, yeah  
I feel like the world is on me  
And I can change the world  
I could change the world  
But it's up to you! Some days I wake up from a dream, to feel  
One way or another I found the way to beg  
These, dreams can't make the man,  
But the man can, dream  
Close my eyes on another day, now I gotta wait and see  
Some days I wanna  
One way or another I'm gonna reach you  
If the man don't wanna fight the war  
But it's, here to die  
Today might be our lucky day, gonna find out in due time I don't know why but today I feel  
A little bit different, oh! [Chorus] I don't know why but today I feel  
A little bit different, oh! Say I, I feel  
Like I could change, I could change the world!  
One more time  
Say I, I feel  
Like I could change, I could change the world!  
One more time  
Say I, I feel

Like I could change, I could change the world!

But it's up to you, you, you!

But it's up to you, you, you!
