Tiny Heart

Flyleaf

Tiny heart stuck inside yourself
When will you open up for me
I love you so and want to meet you again
Before one of us must go
Your lips touched every hand but mine
In their shadows you slept fine
When will you get back to me
So we can rest
Tiny heart, you're not by yourself
When will you recognize the beat
Of my own heart making your blood flow
So that your chest can rise and fall
Your lips touched every hand but mine
In their shadows you slept fine
When will you get back to me
So we can rest
You will never know
What you have done to me
You will never know
Losing love from me
You will never know
A single day alone
Tiny heart stuck inside yourself
When will you open up
Your lips touched every hand but mine
In their shadows you slept fine
When will you get back to me
So we can rest
When you choose me
I'm waiting for you
Always waiting
