

# Tiny Heart

## Flyleaf

Tiny heart stuck inside yourself  
When will you open up for me  
I love you so and want to meet you again  
Before one of us must go  
Your lips touched every hand but mine  
In their shadows you slept fine  
When will you get back to me  
So we can rest  
Tiny heart, you're not by yourself  
When will you recognize the beat  
Of my own heart making your blood flow  
So that your chest can rise and fall  
Your lips touched every hand but mine  
In their shadows you slept fine  
When will you get back to me  
So we can rest  
You will never know  
What you have done to me  
You will never know  
Losing love from me  
You will never know  
A single day alone  
Tiny heart stuck inside yourself  
When will you open up  
Your lips touched every hand but mine  
In their shadows you slept fine  
When will you get back to me  
So we can rest  
When you choose me  
I'm waiting for you  
Always waiting
