

Step Back

55 Escape

I cry
To feel alive I
Just wanna reach for you
And make you remember
Cause I cry
To hold hold you back I
Feel like I'm loosing you
I'm loosing my mind
[x2]I make you step back!
Just say goodbye!
I make you step back!
Just go away!
[x2]I CRY! I tried to reach for you
But the fact is the matter if I loose you too
I see you every place I go
When you leave I start to loose control I hold it back from you
Cause I know in my heart she will never to
I see you every place I go
When you leave I start to loose control I cry
To feel alive I
Just wanna reach for you
And make you remember
Cause I cry
To hold hold you back I
Feel like I'm loosing you
I'm loosing my mind I make you step back!
Just say goodbye!
I make you step back!
Just go away!
[x2]I cry
To feel alive I
Just wanna reach for you
And make you remember
Cause I cry
To hold hold you back I
Feel like I'm loosing you
I'm loosing my mind I make you step back!
Just say goodbye!
I make you step back!

Just go away!
[x2]
