Favorite Part

Chris Rosser

{Verse 1}
You've got your personal observations
Your own private philosophy
You carry out about born starvation
And the way things ought a be
You say the _ of the world is crazy
You take it in on the TV screen
Although you cry you say it's all lies
Passed down from the corporate machine

{Chorus}
I know the world is complicated
Itâ€™s never black and white
Who's wrong and who's right
I know your complicated too
On a holy mission
Full of contradiction
And thatâ€™s my favorite part about you

{Verse 2}
You canâ€™t bring yourself to kill a spider
You scoop him up on a paper cup
But you've cussed out plenty of drivers
On the highway in a rush
You've got a heart as big as a watermelon
You _ to everyone
But come Sunday
Half the block can hear you yelling
When your football game is on

{Chorus}

{Bridge}
Youâ€™ll probably hate this song
Say itâ€™s not you at all
That the details are all wrong

{Build up}
Like quantum physics, comic strips, solitarum politics

meditation, coffee break, science fiction, chocolate cake

Hey {Chorus}
That's my favorite part about you, (3) baby
