FOOL

Juniel ft Jung Yonghwa

It's 3 a.m.
As I stumble over to my bed
Got a funny premonition
That tomorrow's gonna be the same
But all I remember is how we think
I heard you call my name
And your open invitation
To come over for a drink or two
But when you do well
The true intentions of your secret smile
I couldn't stop, I couldn't tell you no
I hate to say, I'm giving in to you
I wake up next to you
Oh, we're through with it
I fell in love with a fool
And I know I'm not the only one
You lead your trap
Beneath the obvious
Until some good girl
Pulls through
It's true
I'm not the only one
To fall in love with a fool
I fell in love with a fool
At the end of the hall
In room number 804
There was the devil himself
And his dark kept secret, hell
And curiosity grew
With every single following day
And I was dreaming, dreaming that you're
Here with me
I hate to say, I'm giving in to you
I wake up next to you
Oh, we're through with it
I fell in love with a fool
And I know I'm not the only one
You lead your trap
Beneath the obvious

Until some good girl
Pulls through
It's true
I'm not the only one
To fall in love with a fool
I fell in love with a fool
