White Sun

The Ivytree

Horizon of blue, hills are rollin'
Walkin' with you through a field of red stones
I been confused from voices callin', callin' to me
Where the white sun has shownAnd I slip away down by the water
And I slip away down by the sea
Take love and give love
It's got to be freeThe old man is weak but strength comes from him
A smile full of youth and a gleam in his eye
His garden is green and seems overflowin'
And his dreams await in his rockin' chair skyAnd I slip away down by the water
And I slip away down by the sea
Take love and give love
It's got to be free
