Prince Of Darkness

Megadeth

My victims are rich or poor, young or old, strong or weak
I 'cause millions of accidents, I am cancer in your bones
I fathered the lie, twist what you say, speak not the truth
I am insidious impartial, deep inside your chromosomes
I take what you love and leave you in tears
I imprison your soul, your hopes are my games
I strip you of pride, my promise is in vain
While you burn at the stake, I dance with the flames
I bring poverty sickness and death
A worthless handshake, the slickest thief, I steal your wealth
I answer your prayers for greed and lust
More than evil I laugh at your trust
I am more powerful than all the armies of the world
I am more violent than violence, more deadly than death
I have destroyed more men than all the nation's wars
I am relentless, unpredictable waiting for your last breath
More evil than violence
More violent than death
More deadly than man
Yeah yeah, I'm evil, I am
My kingdom corrupt with dissent, your sins erupt by my intent
I loathe your prayer I wallow in sin let the nightmare begin
Prince of darkness, your satanic highness
Prince of darkness, the devilish serpent, the dreaded Lucifer
Prince of darkness
I take what you love and leave you in tears
Imprison your soul, your hopes are my games
I strip you of pride, my promise is in vain
While you burn at the stake, I dance with the flames
My kingdom corrupt with dissent, your sins erupt by my intent
I loathe your prayer, I wallow in sin, let the nightmare begin
Prince of darkness, your satanic highness
Prince of darkness, the devilish serpent, the dreaded Lucifer
Prince of darkness
Prince of darkness, your satanic highness
Prince of darkness, the most beautiful angel
Prince of darkness, the devilish serpent, the dreaded Lucifer
Prince of darkness, unpredictable, the Prince of darkness
Go go go

Go go go
Go go go
...
