

# Entombed

## Secession Studios

From the day you arrived  
I've remained by your side  
In chains, entombed.  
Placed inside, safe and sound  
Shapes and colors are all I see.  
On the day you arrived  
I became your device  
to lay and soothe.  
Placed inside, safe and sound  
Shapes and colors are all I see

Shades of colors are all I feel.  
From the day you arrive  
I'll stay by your side.  
Placed inside, safe and sound  
Shapes of colors are all I see  
Shapes of colors are all I feel  
Placed inside, safe inside  
Shades of colors are all I see  
Safe inside
