

# Moonlight

Ruby Frost

VS1

This is not my final song for you  
Wait a minute and you'll know that's true  
I might take my time to inch along  
But that only shows I'm building strong

PR-CH

Ba-ba, ba-ba, hidden away oh  
Ba-ba, ba-ba, I'm hidden  
Ba-ba, ba-ba, I'll cover my flame oh  
But you can see it

CH

The moonlight's shining, the moonlight  
Tell me is it... the moonlight shining? The moonlight  
I want to keep you in the dark but here comes moonlight

VS2

This is not a game that I have made  
I'm just playing the rules that I've been played  
Watch me call you from blankets of night  
Yeah I'm hiding but I hope you get it right

PR-CH

CH

BR

Take your time now  
Give it one shot, give it all you've got sunshine  
Time will show what it's worth  
Steady on now  
Don't stab it in the dark, try real hard sunshine  
Time will show what I know
