

Choke

Sepultura

Pray for another life
Pay, regain your pride See your brain
(Choke, choke, choke)
Watch it drain
(Choke, choke, choke)
See your greed
(Choke, choke, choke)
Watch it breed
(Choke, choke, choke) Fake, you're falling down
Choke, your neck is broken See your brain
(Choke, choke, choke)
Watch it drain
(Choke, choke, choke)
See your greed
(Choke, choke, choke)
Watch it breed
(Choke, choke, choke) Oh, victim in conflict, the ambush of fear
My doubts, my limits, the pulse of my war See your brain
(Choke, choke, choke)
Watch it drain
(Choke, choke, choke)
See your greed watch it breed
(Choke, choke)
