

Painted Windows

The Pussycat Dolls

I see you over there looking like a millionaire
Wind blowing through my hair making you wanna stare
Come closer I want you, you can see it in my eyes
I hope you're ready for the ride

Bridge:

Zoom zoom zoom ah
The honesty in my eyes got you hypnotized
Zoom zoom zoom ah
I'mma give you a look you gon' memorize

Chorus:

Jump in my painted windows, baby lets go
my eyes look like a picasso, let it all go
jump in my painted windows, wanna see my soul
I'll show ya I can love ya

In the blink of an eye... Painted window
In the blink of an eye... My painted windows
In the blink of an eye... Painted window
In the blink of an eye... My painted windows
Ohh

I got you so hot in a daze looking like a moron
My hoods up gimme a jump baby time to get me started
Be careful don't let go somebody might scare you go
You shouldn't let it come to this side

Bridge:

Zoom zoom zoom ah
The honesty in my eyes got you hypnotized
Zoom zoom zoom ah
I'mma give you a look you gon' memorize

Chorus:

Jump in my painted windows, baby lets go
my eyes look like a Picasso, let it all go
jump in my painted windows, wanna see my soul
I'll show ya I can love ya

In the blink of an eye... Painted window
In the blink of an eye... My painted windows
In the blink of an eye... Painted window
In the blink of an eye... My painted windows
Ohh

Affection in my eyes while I watch the way you move
temptations no surprise I can't get enough of you...

Jump in my painted windows baby lets go
my eyes look like a Picasso let it all go
jump in my painted windows Wanna see my soul
I'll show ya I can love ya

Jump in my painted windows baby lets go
my eyes look like a Picasso let it all go
jump in my painted windows Wanna see my soul
I'll show ya I can love ya

In the blink of an eye... Painted windows
In the blink of an eye... My painted windows
In the blink of an eye... Painted windows
In the blink of an eye... My painted windows
