Your Move

Ian Ball

You move me, you move me
Not everybody does
I care about all of you
Not everybody wouldMy love, she's better the rest
My love, she knows better than the restYou see through me, see through me
Not everybody does
I care about all of you
Not everybody couldIt's your move, I made mine
After six months of going back and forth
And losing my memory
Nearly losing my mindYou're better than the rest
My love, you know better than the rest
My love, she knows better than the restIt's war if she ever finds out
It's war if she ever finds out
It's war if she ever finds out
It's war if she ever finds out
It's war if she ever finds out
It's war if she ever finds outYou soothe me, you soothe me
Not everybody does
I care about all of you
Not everybody couldIt's your move, I made mine
After six months of going back and forth
And losing my memory
Nearly losing my mindYou're better than the rest
My love, she knows better than the rest
My love, she's better than the restIt's war if she ever finds out
It's war if she ever finds out
The war must be over by now
The war must be over by nowThe war must be over by now
The war must be over by now
The war must be over by now
The war must be over by now
