

Juggathon

Young Scooter

[Hook]

I get em every one in spring, summer, fall
I can make them bricks do a somersault
Throw em in the air, watch that money fall
I can make them bricks do a somersault
I m on a juggathon, I m ballin with the bricks
I m on a juggathon

I m on a juggaton, I m on a juggathon
200 bands on my wrist, I m on a juggathon
I m flexin makin jugs shooting basketball
Throw them bands in the air, free bands fall
I m standing in the booth just like lebron james
I got 45 000 in my gym shorts
I got fly plus my house is like an airport
Every other bad freak when you shop with me
That s how I light the streets, I got the recipe
My partner big jay on the juggathon
Just made it to amigo, money marathon
Juicy say he got a jug he wanna take em home
You know I rap them pretty, then I diss em all

[Hook]

I get em every one in spring, summer, fall
I can make them bricks do a somersault
Throw em in the air, watch that money fall
I can make them bricks do a somersault
I m on a juggathon, I m ballin with the bricks
I m on a juggathon

I m on a juggaton, I m on a juggathon
200 bands on my wrist, I m on a juggathon
Jug, jug, jug, I m on a juggathon
Count, count, count, I m a money counter
Walk in my jewel house, bricks on the counter
I get money large ammounts, some bags I don t even count em
I m in the... I m on the jug, I m in stone mountain
Young scooter, diamonds clear than a water fountain
I get price of the year, nigga of the street
Anything I do, I ma jug the street
My daughter gotta eat, I gotta fkb
Jug, jug, money all I see

All these dead presidents full of jug play
Every damn day for me is jug day.
