

Dreams

King Diamond

(Music and lyrics by King Diamond)

Solo : La Rocque

The witching hour has arrived here too soon
I know that all my dreams are inside this room

Oh... yeah, its all in this tune

Dreams in the night, falling like rain
Dreams in the night, they drive me insane
They cannot wait until I turn off the light
When Im asleep theyve got the key to my mind

Oh... yeah, cant leave them behind

Dreams in the night, falling like rain
Dreams in the night, they drive me insane

Dreams in the night

Solo : Simonsen

Yeah, yeah, give me another dream now
The spiders lullabye is all they can sing
As they inject their poison into my brain
Oh ... yeah, theyre calling my name
Dreams in the night, falling like rain
Dreams in the night, they drive me insane
Give me another dream now
Yeah, yeah, yeah, give me another dream now
Rainbows and waterfalls

Little girls are swimming in a pond of gold

Im growing old

Im growing old

Sweet blue eyes of innocence

Begging me...

To follow them to the other side

Ah.. theyre growing horns !!!

Solo : La Rocque

Dreams in the night, falling like rain
Dreams in the night, they drive me insane
Dreams in the night
Let me out of these dreams ... dreams ... dreams
Let me out of these dreams ... dreams ... dreams
Let me out of these dreams ... dreams ... dreams
