

# Without You

Tim Bowman Jr

I let people, places and things  
Get in the way of us  
Then sometimes maybe it was just me  
Thinking I knew so much  
I thought that I could succeed on my own  
Doing my own things  
But now, I realise I am no good alone  
Now I know that I need you You make the winds, and the waves obey  
You place the stars in the sky  
And you tell the clouds what form to take  
Nothing can stand in your way  
'Cause you are Lord  
You are God  
I thought I could make it  
(Without you)  
Now I know I can't make it  
(Without you)  
Ooh I need you with me  
Right here right near me  
Without you I am nothing  
(Nothing, Nothing) I thought I could make it  
(Without you)  
Now I know I can't make it  
(Without you)  
Ooh I need you with me  
Right here right near me  
Without you I am nothing  
(Nothing, Nothing)  
When I am near you, that's when I find  
I have direction (Yes I do, yeah)  
And you let me know when I'm wrong when I'm right  
Gives me perspective (Yes it does)  
And how did I think that I'd make it through the rain  
It's your protection  
And I cannot go another day  
Now I know that I need you You make the winds, and the waves obey  
You place the stars in the sky  
And you tell the clouds what form to take  
Nothing can stand in your way

'Cause you are Lord  
You are GodI thought I could make it  
(Without you)  
Now I know I can't make it  
(Without you)  
Hey, I need you with me  
Right here right near me  
Without you I'm nothing  
(Nothing, Nothing)Ooh, thought I could make it  
(Without you)  
Now I know I can't make it  
(Without you)  
Ooh, I need you with me  
Right here right near me  
Without you I am nothing  
(Nothing, Nothing)
