

# Get Your Shine On

## BG

Yeah, we gon' go old school, ya know what I'm sayin'  
If you from where I'm from, ya know what I'm talkin' 'bout  
The way we do this here, this is a Cash Money classicAnd I feel couldn't nobody do it the way I'ma do it  
Ya know what I'm sayin'

So, here we go world, I'm bringin' it to your world from my world  
Ya know what I'm talkin' 'bout look I sayGet your shine on, get your shine on  
Get your shine on, so pimpin' stop hatin'  
Get your shine on, get your shine on  
Get your shine on, you know we gonna make itGet your shine on, get your shine on  
Get your shine on, so pimpin' stop hatin'  
Get your shine on, get your shine on  
Get your shine on, you know we gonna make itIn One you trust, the neighborhood is us  
And everything that I ride is 22s and up  
And every time that I slide, you know I'm platinum plus  
Make the hood understand that we trying to come up24s on trucks, just the neighborhood lust  
Tell Lil' One be cool, everybody coming up  
'Cause everybody wanna ride, everybody wanna shine

So how ya love that people? Everybody on the grindAnd these projects cuts ya, ya hood rich livin' lavish  
Those 14s, you know we had to have it  
Once upon a time it was nothing but magic

Hustling right in front of my mama, Ms. GladysChasin' paper, paper chasin', look that's all we know  
Comin' through the neighborhood on them 24s  
Bet a thousand, shoot a thousand, pimpin' up it some more  
Fast money, Cash Money, that's all I know OneGet your shine on, get your shine on  
Get your shine on, so pimpin' stop hatin'  
Get your shine on, get your shine on  
Get your shine on, you know we gonna make itGet your shine on, get your shine on  
Get your shine on, so pimpin' stop hatin'  
Get your shine on, get your shine on

Get your shine on, you know we gonna make itThey say I walk around like I got an S on my chest  
That be that Cash Money Piece, flow rest in the deck  
I'ma specially set, no testin' the best

I'll be in class, no pencil, no test on the deskI'll make ya mouthpiece so beast like Delereeze  
I'm from the south streets of beast like Lil' Weez  
E, F baby for the team I rep daily

I come to the defense like Jeff Bailey, I'm gone wit itA chrome kitted, a foam pit in the back of it  
Phony \*\*\* \*\*\* come home with me, get the business  
I made bling bling, I'm like a lighthouse

So shut that ice in 'cause he ain't iced outPay attention closely, you \*\*\* can never roast me

'Cause the maker of the testerosta knows me  
Oh, he's so arrogant, the cocky kind  
But you always looking 'cause I'ma shine, that's rightGet your shine on, get your shine on  
Get your shine on, so pimpin' stop hatin'  
Get your shine on, get your shine on  
Get your shine on, you know we gonna make itGet your shine on, get your shine on  
Get your shine on, so pimpin' stop hatin'  
Get your shine on, get your shine on  
Get your shine on, you know we gonna make itLoud mics and big rims, pimpin' that's my life  
Come through the neighborhood with my homeboy price  
Lets get it understood, pimpin' that's my price  
Come through the neck of the woods, you be alright'Cause I'm pimpin', I'm pimpin', pimpin', I'm comin'  
through  
And I'm dippin', I'm dippin', dippin', them 22s  
And they spinnin', they spinnin', spinnin', them sprewells pimpin'  
Them sprewells pimpin', we makin' mail pimpin'Don't need no introduction in this  
I can grind in every ghetto, trying to stay hood rich  
And you can ask a \*\*\* 'bout me, you know I'm 'bout my \*\*\*  
I was made by guerrillas, raised the hot boy click'Cause I'm the Birdman and I'll do you something bad  
You heard man that I been slangin' them slacks  
That's my word man, I won't stunt \*\*\*  
I won't stunt \*\*\*, I'm gonna stunt \*\*\*, OneGet your shine on, get your shine on  
Get your shine on, so pimpin' stop hatin'  
Get your shine on, get your shine on  
Get your shine on, you know we gonna make itGet your shine on, get your shine on  
Get your shine on, so pimpin' stop hatin'  
Get your shine on, get your shine on  
Get your shine on, you know we gonna make it , One
