

# Innocence

## The Airborne Toxic Event

I want to disappear  
I just sleep all day  
These spots on my hands  
My skin just like sand  
And the air so cold  
I shudder and I can't see

The carpet on my feet  
The sweat stains on the sheets  
With cough syrup and drugs  
Bandages and gauze  
The razor's dull  
The water cold against my skin

The radio lull  
The static buzzin' round like tin  
And all these empty plans  
The ink stains on my hands  
And everyone says  
The best words for the gray

Are these weary mourning tomes  
I'll probably save mine too  
If heavens just a long road home  
Tell me it's true  
I'll go too  
I'll go too  
I'll go too

Well I lost my innocence today  
I could feel her in my bones  
My bones my bones my bones  
My blood my blood my blood my blood  
And I woke up tired scared and sad  
So drained  
I felt so bad  
Today, today, today  
What you steal, you steal, you steal, you steal  
What you say, you say, you say  
What you feel, you feel, you feel

Which is nothing but hollow  
Thin as air  
Oh I could die I just don't care  
Forget happiness I'm fine  
I'll forget everything in time  
I swear I didn't know who you know  
Me how I can't let go  
And we're not gods we're just hacks  
All the light below the cracks  
The scars the sea just breaks  
The ugliest scenes the worst mistakes  
and everywhere I see her face  
such a beautiful child  
such an awful waste  
And there's no innocence like hers  
Just emptiness and nerves

And this light  
From the window of my car  
She'll never see it  
Oh my God  
I was so surprised  
You blew up in my face  
Lord I lost my nerve  
Oh my God  
Oh my God, Oh my God

and I tear, I tear  
so hard  
and I tear, I tear  
so hard

and I beg  
and scream I was wrong  
so mercy's gone

Oh my love
