

# Thank God for the Renegades

Steve Vaus

From Nazareth he came, With a rag tag band  
To bring... A revolution

Some would make Him King, others couldn't stand for that  
The cross... Was the solution

But he rose again, wise men follow him  
He rose again, wise men follow him

Thank God for the renegades, and the lives they lead  
Far ahead of their time

Without the renegades, Lord knows where we'd be  
When it comes to heroes, Renegades are mine

They railed against the crown, Another rag tag band  
Declaring Independence

They laid their bodies down, won a bloody war,  
And liberty for their descendants

Thanks to the renegades, we're free today  
Thanks to the renegades, we're free today

Thank god for the renegades, and the lives they lead  
Far ahead of their time

Without the renegades, Lord knows where we'd be  
When it comes to heroes, Renegades are mine

Where are the renegades in the world today?  
Who are the renegades in the world today?

Thank god for the renegades, and the lives they lead  
Far ahead of their time

Without the renegades, Lord knows where we'd be  
When it comes to heroes, Renegades are mine

When it comes to heroes, Renegades are mine
