Poison Infiltration

Samael

To Catherine Deshayes (La Voisine)Slow and painful death
Subtle and dangerous attack
- Brook of scorn
- Stream of anger
- River of hatePoison infiltrate societyRich and poor
Noblemen and beggars
Everyone has the keyPersonal vengeance or
Crime of passion
Cyanide remain eternalMixture prepared in sombre conspirations
Everywhere it slips poison sows confusionNeither the wheel, nor stake
Can stop his ravages
Neither the wheel, nor stake
Will calm people's hateVicious and intelligent death
Certain and long degradationPoison infiltrate societyExecrable beverage or refined wine
No matter the administered dose
Nobody can be immunized
