

Poison Infiltration

Samael

To Catherine Deshayes (La Voisine) Slow and painful death
Subtle and dangerous attack
- Brook of scorn
- Stream of anger
- River of hate Poison infiltrate society Rich and poor
Noblemen and beggars
Everyone has the key Personal vengeance or
Crime of passion
Cyanide remain eternal Mixture prepared in sombre conspirations
Everywhere it slips poison sows confusion Neither the wheel, nor stake
Can stop his ravages
Neither the wheel, nor stake
Will calm people's hate Vicious and intelligent death
Certain and long degradation Poison infiltrate society Execrable beverage or refined wine
No matter the administered dose
Nobody can be immunized
