

Darling(When silence is broken Version)

Eyes Set to Kill

Don't lie don't lie to me now
Now I'm erasing you
Throwing those memories out
Out to start something new
I'm throwing those memoriesDarling
Don't lie to me
Darling
Don't lie to me
Darling
Don't lie to meDarling don'tBreathe in slowly now
Darling don't lie to me
Breathe in slowly now
Darling don't lie to me
Inhale truth I plead
For your my only hope
Don't lie don't leaveMind set on failure
The road you chose
Told me you loved me
Told me youYouTake your time I'm only dying
Patiently I'm nearly dying
Curse the blood you curse the blood
Deep inside is where it liesDont mind me im only dying
Dont mind me im only dying
(what got me into this mess that devoured me)
Dont mind me im only dying
(lies and deceitful actions keep promising)
don't mind me im only dying
What got me into this mess that devoured me
(darling don't lie)
What got me into this mess that devoured me
(lies and deceitful actions keep promising)
What got me into this mess that devoured me
Lies and deceitful actions keep promising
What got me into this mess that devoured me
Darling don't Lie
Lies and deceitful actions keep promising
Darling don't Lie
What got me into this mess that devoured me
Darling don't Lie

Lies and deceitful actions keep promising
Darling Dont Lie
