# My Heart Is With You

## Ernie Halter

I am in Georgia, 7 am.
My plane had laid over,
While you laid in your bed.
I hate to leave you,
Wish I didn't have to.
I am in Georgia,
But my heart is with you..Taxi had taken off,
Now my head's in the sky.
2,000 miles across,
30,000 feet high.
I write this song,
Just to get me through.
My heads in the sky,
But my heart is with you.I pretend you're right beside me,
You take off your dress,
Fall asleep on my chest.
I'm back in L.A.
But it doesn't feel like home.
I just found this shirt,
The one you placed in my suitcase.
It smells like your skin.
And a bit of your perfume.
I am back in L.A.
But my heart is with you.I pretend you're right beside me.
You take off your dress,
Fall asleep on my chest.
