

Sadness

Porno For Pyros

I got the devil in me it's a cloud
Sadness it's a cloud
I want to find compassion and I find it vanishes
These thoughts I have they seem
To pass me by like a cloud I pray it's a cloud
And hope it's just another form of prayer
It's a cloud I want to find some laughter
When you laugh they can't kill you
These thoughts I have they seem
To pass me by like a cloud Fuel and release
Happiness is good for an hour
Fuel and release
Happiness is good for an hour I hate him for all the things he's done
Because I love her so
I got the devil in me
Sadness it's a cloud
