

i begin to wonder

Various Artists

When I'm walking down the street I call your name
 Inside my head I go insane
Don't you know that it's really making me crazy
 There were days when I went completely blind
 No time to think and I lost time
Won't believe what's happened to me lately 'Cause everyday it's the same day
 Different faces with no names
 Places I've never been before
 And everyday it's the same thing
 Different faces with no names
Places I've never been before And I begin to wonder
 (Don't you know that it's really making me crazy)
 And I begin to wonder
(Won't believe what's happened to me lately) 'Cause everyday it's the same day
 Different faces with no names
 Places I've never been before
 And everyday it's the same thing
 Different faces with no names
Places I've never been before And every time I think I'm breaking free
 These thoughts return to trouble me
 Hanging on to love has left me empty
 You're a sinner but you told me you're a saint
 Too fast I tripped and lost my way
Can't believe what's happened to me lately 'Cause everyday it's the same day
 Different faces with no names
 Places I've never been before
 And everyday it's the same thing
 Different faces with no names
Places I've never been before And I begin to wonder
 (Don't you know that it's really making me crazy)
 And I begin to wonder
(Won't believe what's happened to me lately) 'Cause everyday it's the same day
 Different faces with no names
 Places I've never been before
 And everyday it's the same thing
 Different faces with no names
Places I've never been before Walking down the street I call your name
 (All this time you led me astray)
 Making love to you I do the same

(But now I know you blinded me)
And there were days when I went completely blind
(I thought I was over you, really over you)
No time to think, I lost time
(No, I'm not over you)And I begin to wonder
(Don't you know that it's really making me crazy)
And I begin to wonder
(Won't believe what's happened to me lately)'Cause everyday it's the same day
Different faces with no names
Places I've never been before
And everyday it's the same thing
Different faces with no names
Places I've never been beforeAnd I begin to wonder
