

Reaching Out

Nero

reaching out for something to hold
reaching out x5
reaching out for something to holdreaching out for something to holdbut theres still sometimes when i can't find
what i'm searching for
and i still believe that you know
what i'm looking for
but theres still sometimes when i can't find
what i'm searching for
and i still believe that you know
reaching out for something to holdreaching out for something to hold
but theres still sometimes when i can't find
what i'm searching for
and i still believe that you know
what i'm looking forbut theres still sometimes i can't find
what i'm searching for
and i still believe that you know
reaching out for something to hold
reaching out for something to hold
