## Reena

## **Sonic Youth**

You keep me coming home again You keep me coming home againWhen you were gone, I met a friend She taught me how to live in the endYou keep me coming home again You keep me coming home againAre her eyes brown or blue? How does she keep her steady cool My heart and soul are wrapped up in her eyes A little blink, yeah, I recognize A little blink, yeah, that's my prize A wild horse sitting right there by your side Hard to ignore, hard to disguise Will she ever realize? You keep me coming home again You keep me coming home againWhen you were gone I was out of my mind I had a friend who laughed all the time I had a friend who cried all the time I had a friend who screamed all the time I had a friend who lied all the time
