

# This Is the Day

## Captain Beefheart

This is the day that love chose to play,  
The day love came to stay,  
This kiss is for the first time,  
And this kiss is for that time  
Love to ride  
This is the day that love chose to play  
One minute here, one minute there  
Love spent time everywhere,  
This day that love chose to stay  
This is the day that love chose to play,  
The day love came to stay,  
This kiss is for the first time,  
And this kiss is for that time  
Love to ride  
This is the day that love chose to play  
One minute here, one minute there  
Love spent time everywhere,  
This day that love chose to stay
