

Another Sunday

Paul Van Dyk

It blows my mindIt blows my mind
It blows my mind
It blows my mindIt blows my mindAnd so we throw stones to the sky trying to
Smash the stained glass windows of this world
And so we throw stones to the sky trying to
Smash the stained glass windows of this worldAnd so we throw stones to the sky trying to
Smash the stained glass windows of this world
And so we throw stones to the sky trying to
Smash the stained glass windows of this worldAnd so we throw stones to the sky trying to
Smash the stained glass windows of this worldIt blows my mind
It blows my mind
It blows my mind
