

# Love Has Gone Away

## Abbey Lincoln

Love has gone away  
heaving a sigh  
with no regrets  
for yesterday  
heaving a sigh  
love said goodbye Through with "sad and low,"  
love walked away,  
a spirit child  
love had to go,  
love passed a place  
love went away Away from a place all frozen in pain  
with teardrops and heartaches all over again  
only a game of hatred and love  
all thrown in together, a kiss or a shove Reaching for my hand  
love walked away  
sighing to leave  
but ready to stand  
love walked away  
love walked away  
loved walked away, and I walked away with love. Reaching for my hand  
love walked away  
sighing to leave  
but ready to stand  
love walked away  
love walked away  
love walked away, and I walked away with love.
