

I Just Wanna Be

Gabriel Antonio

Verse One:

We can run away
To a far away place
Just me and you together
It's like you and I forever I can buy you things
Take you where you wanna go,
80 days around the world,
around the world,
around the world, Just hop into my car
gettin slizzerd at the bar,
Did we forget where we parked?,
We're like outer space and mars, Just hop into my car
gettin slizzerd at the bar,
Did we forget where we parked?,
We're like outer space and mars, Chorus:

I just wanna be with you

Tonight

I don't wanna be alone

Tonight

I just wanna be with you

Tonight

I don't wanna be alone

Tonight I just wanna be be be x8 Verse Two:

It's you and I tonight

And I'm ready for the fight

You made a heart with your hands

you said you like the way I dance We're spinning all around

holding hands we hit the ground

I'm looking your eyes

I'll never say good bye Like a picture in your scrap book,

We make a memory

I hope that you remember me

I'm right here. I'm wearing that t shirt

that you like,

I'm wearing that t shirt

that you like, Chorus:

I just wanna be with you

Tonight

I don't wanna be alone

Tonight
I just wanna be with you
Tonight
I don't wanna be alone
TonightI just wanna be be be x8Bridge of Oh's.I just wanna be be be x8Chorus:
