

# Test

## Ministry

Yo, this is a test  
You say this, when I say that  
But Im not with that  
So step back or kiss my  
'Cos I wont be held back  
So dont fight, dis or piss me off  
'Cos Im not soft or weak  
Running down in the maze of the day  
This is a new phase  
Dont be commercial or sell out  
Or get the hell out of this business  
But I wont be caught in that net of suckers  
And glass people  
Weak, beaten down and feeble  
Society probably wants me to give up  
Society probably wants me to give up  
As I live up to be my best  
In a test, a fight for death  
As I fight for my very last breath  
Etc and etc  
Gotta be strong but wait a minute  
Now, could I be better? Now, could I be better?  
Well, only I know  
Well, what about you? Or do you have a clue?  
Couldve, wouldve, shouldve, its too late  
Couldve, wouldve, shouldve, its too late  
Why you waiting, laying? Sit there, move  
Be your own person  
Be your own person  
Be your own person  
Wake up, make up your mind  
Seek the knowledge that you will find  
Be your own person  
Wait for it from the weak  
'Cos they make the people level  
And with you, make a team  
So believe and be your best  
'Cos this is a test  
Go for the top chart, rock with all your heart  
Non- stop, stay up, go  
Deal with whats going on in this crazy world  
Man, woman, child, boy, girl, insane to the playing  
Love music power pain, be what you gotta do  
Get the knowing attitude 'cos this is the test  
That we suggest  
Be your own person  
Be your own person

Be your own person  
Be your own person'Cos this is a test  
'Cos this is, this is, this is, this is, this is  
This is, this is a test, test, test, test, test  
Test, test, test'Cos we all know who is the real victim  
Society does not want them picked on  
Labeled or staked, dont raise his guilt  
But dont miss your boot and kick themFaceless in the morning in their urban plight  
Felt like a symbol with every situation  
Any one tour already overcrowded  
Project nation, more inflationBetter your damn situation  
But how can you better your situation  
If you have no occupation?Ten of us said, watch the Rolodex center  
See how many different schools you can enter  
Theyre out turning in the pit but lifes a bitch  
The worlds unconcerned, Ill tell you why it stuck in a ditch  
You own the key to the damn city but its a damn pityWake up  
Wake up  
Wake up
