Moon Into the Sun: Wagons Lyrics
Everybody's happy if they wanna be,
Today I'm in the mood to be sad and lonely.
Thats why I need you babe, to pick me up, Turn my moon into the sun,
Turn my moon into the sun. Everybody's needy as the next man,
And I'm not ashamed to need the touch of your hand.
I need you babe, to come around real, real bad,
Turn this dirt into golden sand,
Turn this dirt into golden sand. Chorus:
Turn my moon into the sun,
Turn my moon into the sun.
Turn my moon into the sun,
I need you now like I never needed anyone.
Everybody tells me things will heal with time,
But I've seen these hands spin a million miles.
Please, please relieve from this down right fuck,
Doust my flames with a fire truck,
Doust my flames with a fire truck. Chorus
Everybody's happy if they wanna be,
Today I'm in the mood to be sad and lonely.
Oh how I love you, how I love you, true,
My life has been a fucking mess without you,
My life has been a fucking mess without you. Chorus:
Turn my moon into the sun,
Turn my moon into the sun,
Turn my moon into the sun.
I need you now like I never needed,
I need you now like I never needed,
I need you now like I never needed anyone..
