

Made by God (feat. Esaias)

Kingzkid

Made By God They're talking about the big bang
They're talking about the evolution
Merhn i can't even listen to them
I tell them quit disturbing me
I call it noise pollution
Quickening by His Spirit
Oh i'm so alive
Say a pray for these fellas
Hoping to realize
That we was made in His image
From a royal lineage
I stand tall knowing that my God is the greatest
Ok i'm hoping that oneday they might see
The price that was paid by Christ see
Penetrated to the core to the mind seat
That we were made by God, we divine seeds
I'm like oh please, y'all really think we emerged from explosions
My God is real, He ain't a fiction
So imma shout it out loud
I was my by God, God
I was my by God, God
