

Son, This Is She

[John Leyton](#)

The monent I saw you,
I knew that I'd love you,
And a voice from above said Son, this is she
The stars were gleaming
as I kissed you
and the voice from above said Son, this is she
She you will love
for all eternity
Oh She who will be
your one and only lover
I knew that someday
Love would come to me
And the voice from above said Son, this is she
She you will love
for all eternity
Oh She who will be
your one and only lover
I knew that someday
Love would come to me
And the voice from above said Son, this is she
