

La Cala

VenueConnection

Walking on a sunny day
Feeling La Cala's sand
I got no words to say
I can't think of a better place

The sunlight is turning red
The sea breeze caresses my face
I'm floating like a jellyfish
Vanishing without a trace

It's summer in La Cala
It's time to get good vibes
Lying on the sand dunes
Under the bright sunlight

It's time to meet the good friends
And dance till the morning light
Time to escape routine
In the South East shoreline

Too good not to share it
That's why I wrote this song
Close your eyes and listen
I'll show you La Cala dawn

Vanishing without a trace
I'm floating like a jellyfish

Summertime, and the living is easy

It's summer in La Cala
It's time to get good vibes
Lying on the sand dunes
Under the bright sunlight

It's time to meet the good friends
And dance till the morning light
Time to escape routine
In the South East shoreline
