

Candy Lips (f.-Johnnie Ray o/Paul Weston)

[Doris Day](#)

Candy lips sweet candy lips, I've got to find that dandy lips
Last night I held him and he gave me a kiss
And bell started ringing
A horn started blowing
Light started flashing
I started screaming
Candy lips red candy lips
My heart got dizzy busy turn 'n' flips
He said he loves me so I'm doing fine
Now those candy lips are mine
