Please Wait Up for Me

Sherwood

You won't ask then I won't tell
Anything about myself to you, honey, I'm an open book
A little hard to read that may be true
A little hard to read that may be trueAm I worth your time?
I'm on the ground now and you won't ask me
How I fell tonight but I would tell you
Everything you want me to tonightSo come on ask and I will tell
Everything about myself to you, honey, I'm an open book
And you and me are long sense overdue
And you and me are long sense overdueI think it's worth your time
I'm on the ground now and you won't ask me
How I fell tonight but I would tell you
Everything you want me to tonightBut please wait up for me
This time I'll draw the line
And you won't laugh at me
If I see you start to leavePlease wait up for me
Please wait up for me
Please wait up for meI'm on the ground now you won't ask me
How I fell tonight but I would tell you
Everything you want me to tonight
Please wait up for me
