Luv

Travis

What's so wrong
Why the face so long?
Is it over?And where you going
That you no longer belong here
And distance tells you
That distance must come between loveWhere have you been luv?
When the mistake we made
Was in never having planned to fall in love, luvSinging this song, singing along
Makes it easier for me to see you go
But in doing so, in letting you go
It only serves to show me that I'm still in love with youSinging this song, singing along
Makes it easier for me to see you go
But in doing so, in letting you go
It only serves to show me that I'm still in love with youSo what's so wrong
Why the face so long?
Are you changing?And where you been to
That you no longer remember?
And distance tells you
That distance must come between loveWhere have you been luv?
When the mistake we made
Was in never having planned to fall in love, luvIt's just the chance we took
Having never ever planned to fall in love, luv
It's just the chance we took
Having never ever planned to fall in love, luv, love
