

Silent Treatment

The Joy Formidable

Iâ€™ll take the silent treatment
Off your hands uneven
Iâ€™ll take the easy cynicism
Less talking more reason

I, over you
I, over you
I, thatâ€™s all you left for me

Iâ€™ll wait up watching time
You tumble home
Safe inside
Twisted now, but at the time
No fears, a treasured prize

I, over you
I, over you
I, thatâ€™s all you left for me

Iâ€™ll take the silent treatment off your hands unbeaten
Iâ€™ll take the easy sequence
Less people, more freedom

The blood cheat
Donâ€™t give myself away
Donâ€™t give myself away
The dull seed
Donâ€™t give myself away
And long for the rest of this curse

I, over you
I, over you
I, thatâ€™s all you left for me

Iâ€™ll take a quiet leave it
But Iâ€™m hot-wired, quick-feeling
So Iâ€™ll take the silent treatment
Iâ€™ll take the silent treatment
