Parking Brake

Dan + Shay

Dash light dripping on your sun tan skin
Radio playing that song again
Just pull me in, hmm pull me in
Cut off shorts and a vinyl seat
Slide on over here next to me
Let me pull you in, hmmm, let me pull you in, girlOoo, if you didn't know by now I'm crazy about you
And I know the perfect place to stopWe're smelling honey suckle on the river bank
Fireflies, sweet tea, in the summer rain
Pouring all the way, all the way, down
Cherry red lips calling out my name
Two-ton Ford and that parking brake
Pushed all the way, all the way downHmmm all the way downMiddle of the middle in nowhere now
Go ahead girl, let your hair down
Just close your eyes, it's going to be a damn good night
Cut off the engine, toss the keys
Ain't nobody here, but you and me
And a little moonlight
Out here in the country sideOoo, I gotta feeling that you're crazy about me too
Girl and don't you ever stopWe're smelling honey suckle on the river bank
Fireflies, sweet tea, in the summer rain
Pouring all the way, all the way, down
Cherry red lips calling out my name
Two-ton Ford and that parking brake
Pushed all the way, all the way downOoo yeahOoo, if you already know by now I'm crazy about you
O tell me what you wanna do. (Ha woo)We're smelling honey suckle on the river bank
Fireflies, sweet tea, in the summer rain
Pouring all the way, all the way, down
Cherry red lips calling out my name
Two-ton Ford and that parking brake
Pushed all the way, all the way downThose cherry lips call my name
Yeah, yeah yeah
All the way, all the way, all the way down, yeah, ooo yeah baby
All the way down
