Space Is a Scary Place

Joselin

I'm not certain I can fix everything
It's alright, nobody knows how to stop time
I'll try to figure it out
I'll try

Everyone wonders and worries the same
Don't make your mind a lonely place
Don't get lost in the quiet space
Don't keep yourself away

Space is a scary place
I know you're trying to get away
But we're all here
There's no escape

Space is a scary place
I know you're trying to get away
But we're all here
There's no escape

Please don't let me be by myself
Please don't let me be alone
Please don't leave me behind
I know I can't stop time
But I will try

We're all growing old
We're all growing old

Don't make your mind a lonely place
It's the only place that you could be safe
you could be safe
you could be safe
you could be safe
you could be safe

Space is a scary place
I know you're trying to get away
But we're all here
There's no escape
